

## 2009-2010 ITBS Results

St. Louis is very proud of our recent ITBS test results. You can see that the investment you are making in your child's education is paying off in rigorous academic achievement.

Grades 2-8 took the Iowa Test of Basic Skills, ITBS, in January 2010. This is a national standardized test. The norm for students would be for them to perform at their current level. The test was taken in January thus the norm would be the child's current grade level plus 5 months (example: 3<sup>rd</sup> graders would score at 3.5).

Composite scores were above the norm for all grade levels.

Composite scores for grades 6 & 7 were 2 years above the norm.

The 8<sup>th</sup> grade composite score is 3 years above the norm.
