**The more you come, the more you save!**

Depending on enrollment, we will be providing all-day supervision for your students on the days we are off from school. The cost will be \$30 per student for the day. Please sign up as early as possible so we can get potential field trips and activities planned. We are thinking about going to the Museum of Nature and Science, bringing in some local artists to work on some cool art projects, going out to Beaver Creek Ranch by Conifer, and lots of other fun things. Students must provide their own lunches.

#### **Our Staff:**

B.S in Education, experienced, background check, first aid training. We know that if your child is not having fun, we're not doing our job! We provide structured, planned daily activities, kid-directed projects, great opportunities to grow and learn in cooperation with the values and standards of St. Louis Catholic School. We want to be a part of your community and work to provide for your families' needs.
