

A Catholic Faith-Based Education at St. Louis Catholic School

St. Louis is a parochial school steeped in over 75 years of rich heritage. The all-school liturgies are planned for student involvement and faith formation every Thursday. The school community joins with the Parish to celebrate holy days and the sacraments. The student's faith is also nurtured by daily religion classes, frequent prayer services and service projects. Sacramental preparation is held during the course of the school day for Reconciliation, First Communion and Confirmation. We honor the Catholic traditions with:

- Blessing of the Animals every October
- Whole school recitation of the rosary weekly in October and May
- Whole school participation in Jesse Tree activities during Advent
- Stations of the Cross devotion weekly during Lent
- Holy Week services for the school community
- May Crowning

2010-2011 ACRE Results

St. Louis 5th and 8th graders took the National Catholic Education Association Assessment of Catholic Religious Education (NCEA ACRE) assessment in the Spring of 2011. ACRE is a method of evaluating how well students are absorbing their faith. Results from the NCEA ACRE assessment are compared to a national profile of students. The results shown are for the 2010-2011 5th grade and 8th grade classes. The test is organized into eight "Domains" or categories of knowledge and four "Pillars." The "Pillars" reflect the four pillars of the church.

8 th GRADE RESULTS		
Domain	Nat'l Average	St Louis Average
1 – God	79	92*
2 – Church	71	79
3 –Liturgy & Sacraments	69	88*
4 – Revelations, Scripture, Faith	75	87
