[Recent] startling advances in reprogramming adult cells into embryonic-like cells-hailed by the journal Science as the scientific breakthrough of the year-are said by many scientists to be making embryonic stem cells irrelevant to medical progress. [Also], adult and cord blood stem cells are now known to have great versatility, and are increasingly being used to reverse serious illnesses and even help rebuild damaged organs.

[The new Washington State law legalizing assisted suicide] represents a dangerous new assault on the culture of life. Of special concern is the threat that legalizing assisted suicide poses for vulnerable persons, who are already at risk of marginalization by an individualistic and utilitarian perspective of life. Those most at risk from this dangerous change in public policy are elderly persons, those without adequate health care, people with disabilities and those with no family support system.

“Go, therefore, and make disciples of all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Spirit, teaching them to observe all that I have commanded you. And behold, I am with you always, until the end of the age.” — Mt 28:19-20

Q What significance does the feast of the Most Holy Trinity have on our identity and mission as disciples of Jesus?

When speaking of the Trinity, the nature of mystery always surfaces. The meaning and significance of mystery can puzzle us. If we cannot understand or appreciate it, what difference does it make for our faith lives? This is the challenge any homilist faces on this feast. As humans we desire to understand, no matter how mysterious.

A Thus we attempt to articulate meaning while acknowledging our limited capacity to do so. Thoughts and language seem so limited when attempting to explain the Trinity.

Jesus provides the best avenue to Trinitarian understanding. As God incarnate, Jesus manifests to us the fullness of God, while being fully one of us. Jesus, who knows our daily human struggles, models for us how to live full human lives in conformity with God's desires and intentions. Love of others without restrictions or stipulations always guided Jesus' words and deeds, which communicate the very essence of God's being. Love of others is at the heart of our love for God and God's love for us. Jesus' Spirit supports, guides, and strengthens us to try again when we fail to love one another.

What is the Trinity? It is God who creates, loves and sustains us with unending love for all time. God, in the person of Jesus and through the Spirit's power, invites us to respond in love while reaching out to others.

How is Jesus a guide in exploring the mystery of the Trinity?
